Subject: Falcon Refinery AOCs are Final

Susan, David, I am assuming you are still assigned the Falcon Refinery Site.

The Removal and RI/FS AOCs became final on June 9th. If you remember, this is for an alternative site.

The PRP is tentatively scheduling a scoping phase meeting the last week of June or the first week of July in Corpus Christi and Ingleside. If you can't travel, hopefully you can participate via conference call. The State and Federal natural resource trustees will also participate. The order specifies that the PRP will fund the trustees' technical support to the EPA during the RI/FS. We are currently setting up a special account for the trustees to draw from.

The Draft RI/FS Work Plan and Sampling and Analysis Plan are due to us by the first week of September. Are you (also Gloria and Chuck) available on the 29th of next week for a brief team meeting?
